NETCONOMY

About us

For more than 20 years now, NETCONOMY has been shaping the future of digital leadership for its clients. We help our customers achieve an outstanding customer experience by building digital commerce platforms and providing innovation and digital strategy consulting. As an SAP Customer Experience and Google Cloud partner, we stand out as a trusted advisor in digital transformation and digital business model implementation. Our company has grown from a startup to a 450-people team working from offices across Europe: Austria, Germany, Switzerland, Spain, and Serbia. We are proud of our entrepreneurial culture and a truly passionate, dedicated team. We are big fans of cutting-edge technology and we enjoy delivering outstanding solutions while having a lot of fun at work.

Continuous development of the brightest talents has always been our secret ingredient - and that's why we would love to meet you!
